### § 17.1007 Independent right of recovery.

(a) VA has the right to recover its payment under this section when, and to the extent that, a third party makes payment for all or part of the same emergency treatment for which VA reimbursed or made payment under this section.

(1) Under 38 U.S.C. 1725(d)(4), the veteran (or the veteran's personal representative, successor, dependents, or survivors) or claimant shall ensure that the Secretary is promptly notified of any payment received from any third party for emergency treatment furnished to the veteran. The veteran (or the veteran's personal representative, successor, dependents, or survivors) or claimant shall immediately forward all documents relating to such payment, cooperate with the Secretary in the investigation of such payment

and assist the Secretary in enforcing the United States' right to recover any payment made and accepted under this section. The required notification and submission of documentation must be provided by the veteran or claimant to the VA medical facility of jurisdiction within three working days of receipt of notice of the duplicate payment.

(2) If the Chief Financial Officer or equivalent official at the VA medical facility of jurisdiction concludes that payment from a third party was made for all or part of the same emergency treatment for which VA reimbursed or made payment under this section, such VA official shall, except as provided in paragraph (c) of this section, initiate action to collect or recover the amount of the duplicate payment in the same manner as for any other debt owed the United States.

(b)(1) Any amount paid by the United States to the veteran (or the veteran's personal representative, successor, dependents, or survivors) or to any other person or organization paying for such treatment shall constitute a lien in favor of the United States against any recovery the payee subsequently receives from a third party for the same treatment.

(2) Any amount paid by the United States, and accepted by the provider that furnished the veteran's emergency treatment, shall constitute a lien against any subsequent amount the provider receives from a third party for the same emergency treatment for which the United States made payment.

(c) If it is determined that a duplicate payment was made, the Chief Financial Officer or equivalent official at the VA medical facility of jurisdiction may waive recovery of a VA payment made under this section to a veteran upon determining that the veteran has substantially complied with the provisions of paragraph (a)(1) of this section and that actions to recover the payment would not be cost-effective or would conflict with other litigative interests of the United States.

(Authority: 38 U.S.C. 1725)
